Sacramento, CA 95814

Subject: Draft Environmental Impact Report (EIR) for the Delta Plan

Dear Ms. Macaulay,

The Water Resources Association of Yolo County (WRA) is writing to express their support of the County of Yolo's principal concerns of the draft EIR for the Delta Plan as submitted in their letter on February 2, 2012.

The WRA is comprised of eleven member agencies that collaborate on water resources issues and concerns throughout the county. The Yolo County Integrated Regional Water Management Plan (IRWMP) was adopted by the WRA after a lengthy stakeholder process. The IRWMP highlights priorities for the county and is a guiding document for the implementation of those priorities. As a member of the WRA, Yolo County cooperates with our member agencies to track and navigate the myriad of issues facing our region and municipalities.

The WRA's membership includes the cities of Woodland, Davis, West Sacramento, and Winters, Yolo County, University of California Davis, Yolo County Flood Control and Water Conservation District, Colusa County Water District, Dunnigan Water District, Reclamation Districts 2035 and 108.

Sincerely,

William L. Marble, Chair
Water Resources Association of Yolo County

cc: Supervisor Jim Provenza, Yolo County Board of Supervisors
